SDX Honors Newsmen

(Continued from page 15)

Born in Indiana, Bernard Kilgore was graduated from the South Bend, Indiana High School in 1925. Four years later he was graduated from De Pauw University, where he was a member of Sigma Delta Chi and of Phi Beta Kappa. He joined the staff of the *Wall Street Journal* in September, 1929. He served as news editor of the Pacific Coast Edition and a columnist, before he was appointed manager of the newspaper's Washington Bureau in 1935.

In 1941, he returned to New York City as managing editor and began the project of broadening the appeal of the newspaper through the development of a new front-page treatment of interpretive economic news. He became vice president and general manager in 1942 and was elected president in 1945. He is also president of *Barron's* and of Canadian Dow Jones, Ltd. He is also the publisher of two weekly newspapers in New Jersey, *The Princeton Packet* and the *Central Post*.

• Mr. Kilgore has been active in Sigma Delta Chi over a period of many years. He served as a member of the Executive Council and as treasurer, as well as chairman of several important committees. In 1959 he received the Wells Memorial Key. One of his notable achievements is the Newspaper Fund, underwritten by the *Wall Street Journal* to interest talented young people in the opportunities in journalism and to provide scholarships to high school teachers of journalism and high school advisers of student publications.

In 1951 he received an honorary LL.D. degree from DePauw University. In addition to his journalistic activities he is a trustee of De Pauw University, director of the Princeton, New Jersey, Municipal Improvement, Inc., and a member of the Princeton Armed Forces Advisory Committee.

Since 1946, Dr. Frank Stanton has served as president of the *Columbia Broadcasting System*. It was largely through his efforts that Congress last year amended Section 315 of the Communications Act to exempt news programs from its restrictive provisions and pave the way for the now historic Kennedy-Nixon debates during the last Presidential campaign.

• Born in Michigan, Dr. Stanton was graduated from Ohio Wesleyan University in 1930 and received his doctorate from Ohio State University in 1935. He was a member of the faculty of Ohio State University in the Department of Psychology from 1931 until he joined the *Columbia Broadcasting System* in 1935 as a member of its research staff. He is the editor, with Dr. Paul F. Lazarsfeld, of "Radio Research," published in 1941; "Radio Research, 1942-1943" and "Communications Research, 1948-1949."

Among the honors he has received are the Twelfth Annual Parlin Award of the American Marketing Association; the Printers' Ink Gold Medal Award; the Paul W. White Memorial Award of the Radio Television News Directors Association; the Seventh Annual Keynote Award of the National Association of Broadcasters, and the University of Missouri Award for Distinguished Service in Journalism.

Dr. Stanton is a member of Sigma Delta Chi, a Fellow of the American Association for the Advancement of Science, and of the American Psychological Association. He is a trustee of the Rand Corporation, and a member of the Business Advisory Council for the Department of Commerce. He is a member of the Board of Directors of the Advertising Council and served as vice chairman of the 1960 National Red Cross campaign.

Worth Quoting

Wendell Phillips: "We live under a government of men and morning newspapers."

Euripides: "To give me information is thy office."
